SPEEDBOAT TRIP TO THE PHI PHI ISLANDS:

We will pick you up at the designated time from your hotel in Phuket to transfer you to the pier where we will board the speedboat that will take us to the Phi Phi Islands, one of Thailand's main tourist destinations.

On our way to our first stop, Phi Phi Leh Island, we will discover the famous Maya Bay, where the renowned beach featured in the movie "The Beach" starring Leonardo DiCaprio is located.

Once on Phi Phi Leh Island, we will stop at the Emerald Lake or Pileh Lagoon, where we will provide you with free time to swim in its crystal-clear waters. After that, we will pass by Viking Cave, a cave adorned with Viking and Thai paintings to honor the spirits residing within. Without disembarking from the boat, we will also make a stop at Monkey beach, another one of the most famous spots on the Phi Phi Islands, as it's home to many primates.

Next, we will head to Tonsay Beach, where you can visit on your own its viewpoint or simply enjoy its beautiful beach. We will make two more stops to explore the underwater world through snorkeling, and we'll proceed to Bamboo Island. Here, you'll also have free time to explore the surroundings and have a picnic-style lunch included in the excursion, right by the beach.

To conclude our tour, we will take you back to the pier, from where we will transfer you to your hotel. The estimated arrival is between ten and eleven hours after the pickup.

For dinner we will go to the "OCEANMAN Welcome Dinner" with swimmers from all around the world.

NOVEMBER 30 PHUKET

JAMES BOND ISLAND AND KRABI TOUR:

We will pick you up from your hotel in Phuket between 7:00 and 8:00 a.m. and bring you to the port to board a speedboat that will take us to the idyllic Hong Island.

We will disembark from the speedboat and enjoy this unique opportunity to stroll along its stunning white sandy beaches and snorkel to explore the abundant marine life of the area. Afterward, we will once again set sail across the sea towards Panyee Island.

We will use this stop to recharge energy with a fantastic buffet-style lunch featuring local specialties and incredibly fresh seafood and fish. Following that, we will visit the local fishermen's shops, where we're sure to find some very special souvenirs.

We will continue the tour towards one of the highlights of the day, the famous James Bond Island, where Roger Moore filmed "The Man with the Golden Gun". With a massive limestone rock in the middle of the sea, this beach has become the most visited spot by tourists arriving in Phuket.

After this visit, we will sail to Panak Island, a beautiful island known for its numerous caves and grottos, which we will explore during this trip. But that's not all, we will make the final stop of the day once again at Hong Island to enjoy a pleasant canoe ride around its astonishing surroundings. The perfect way to end the day!

We will conclude the trip once again in Phuket, where we will take you back to your hotel between 4:00 and 5:00 p.m.
